Dear Parents/Carers

Re: Ofsted inspection report

If you follow this link you will be able to read the recent report from Ofsted: [Ofsted inspection report January 2023](#) Please take time to have a close read and digest the details of their findings.

To see Arnold Hill graded as ‘Good’ in the key areas of: Quality of Education; Behaviour & Attitudes; Personal Development; and Sixth-form provision is very pleasing and reflects the wide range of significant and sustained improvements we have made since our last inspection in December 2017.

Whilst it is lovely to have our strengths and progress recognised by Ofsted, we acknowledge there are some areas which still require improvement and wish to reassure parents and carers that we continue to strive to provide the very best for our students by further developing our curriculum offer for students on alternative provision and investing further in staff professional development through partnership with the Spencer Alliance for Leadership and Teaching.

Matt Robertson
Principal
